

I do

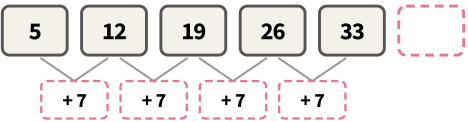

Write what happens between each term. Tick the type.
Find the next term.

- ☐ **Linear** add or subtract the same number
- ☐ **Geometric** multiply by the same number
- ☐ **Fibonacci type** add the two terms before
- ☐ **Square numbers** 1, 4, 9, 16, ...
- ☐ **Triangular numbers** 1, 3, 6, 10, ...
