

Area of a triangle

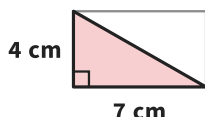

Exit ticket **ANSWERS** Name _____

- 1 Work out the area of the triangle.

Rectangle $7 \times 4 = 28$

Half $28 \div 2 = 14$

Area = 14 cm^2

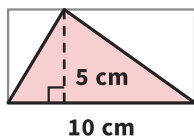

- 2 Work out the area of the triangle.

Rectangle $10 \times 5 = 50$

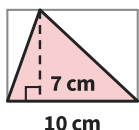

Half $50 \div 2 = 25$

Area = 25 cm^2

- 3 Work out the area of the triangle.

35 cm^2
