

Factorising into a single bracket

Exit ticket **ANSWERS** Name _____

1 Factorise $2x + 12$

2 Divide each part $\times$

1 Find the common factor

2

Answer $2(x + 6)$

2 Factorise $5x - 25$

2 Divide each part $\times$

1 Find the common factor

Answer $5(x - 5)$

3 Factorise $10x + 40$

Answer $10(x + 4)$
