

Gradient of a line

Exit ticket Name _____

- 1 Work out the gradient.

$$\frac{\text{up}}{\text{across}} = \frac{\boxed{4}}{\boxed{2}} = \boxed{2}$$

- 2 Work out the gradient.

$$\frac{\text{up}}{\text{across}} = \frac{\boxed{4}}{\boxed{2}} = \boxed{2}$$

- 3 Work out the gradient of the line.
