

Pressure

Exit ticket **ANSWERS** Name _____

- 1 Find the pressure when a crate pushes down with 60 N on 2 m².
- 1 Cut the base.
- 
- 2 Find 1 m². $60 \div 2 = 30$ N/m²

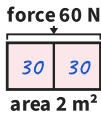

- 2 Find the pressure when a bench pushes down with 160 N on 4 m².
- 1 Cut the base.
- 
- 2 Find 1 m². $160 \div 4 = 40$ N/m²

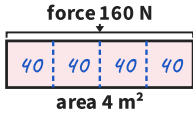

- 3 A hut pushes down with 250 N on an area of 5 m². Find the pressure.
- 50 N/m²
