

Square and triangular numbers

Exit ticket Name _____

- 1 How many dots are in square pattern 5?

1 Draw the next pattern.

2 Count the dots.

$$\square \times \square = \square$$

3 Fill in the table.

Pattern	3	4	5
Dots	9	16	

- 2 How many dots are in triangle pattern 6?

1 Draw the next pattern.

2 Count the dots.

$$\square + \square = \square$$

3 Fill in the table.

Pattern	4	5	6
Dots	10	15	

- 3 How many dots are in square pattern 7?
