

Trigonometry: finding an angle

Exit ticket ANSWERS Name _____

- 1 Find angle x to 1 decimal place.

$$x = 27.0^\circ$$

- 2 Find angle x to 1 decimal place.

$$x = 52.1^\circ$$

- 3 A ramp 6 m long rises 0.8 m. Find its angle to the ground to 1 decimal place.

$$7.7^\circ$$
