

Circle Theorems *ramp up*

a Find the radius Not drawn accurately _____	b Find angle x Not drawn accurately _____	c Find angle x Not drawn accurately _____	d Find angle x Not drawn accurately _____
e Find angle x Not drawn accurately _____	f $a = 3x$ and $b = x + 50$. Find x Not drawn accurately _____	g $y = 2x - 15$. Find x Not drawn accurately _____	h Find y in terms of x Not drawn accurately _____
i Find the radius r Not drawn accurately _____	j Find y in terms of x Not drawn accurately _____	k The pentagon is regular. Find angle x Not drawn accurately _____	l Find angle x Not drawn accurately _____
